ABOUT - NIU

Noida International University

is established by U.P LEGISLATURE ACT NO. 27 OF 2010 and under Section 2(f) of the UGC Act, 1956, a world class University sponsored by the Maruti Educational Trust. The lush green campus of 75 acres with its uniquely designed architecture stands out as an outstanding infrastructure. The campus is strategically located near the Yamuna Expressway education hub in Gautam Buddha Nagar, Greater Noida. The University through its 13 schools is offering various multi-disciplinary programmes in various streams of Engineering, Management, Law, Medical, and Social Sciences.

The students from more than 54 nations place faith in the educational curriculum of the University. The petals leading towards a star is an embodiment of the University's cherished mission to provide education beyond the boundaries and to felicitate the students and faculty to achieve pinnacles of success throughout the world.

ABOUT - IIRIS

Indus IntelliRisk & IntelliSense Services Pvt Ltd

aka IIRIS is an Indian Risk Management consulting firm, with wide operations footprint across South Asia, Gulf & Africa, USA, UK and Far East. We proudly describe ourselves as "**Value Catalysts**" who deliver competitive edge to our clients, through innovation & cutting edge technology aided solutions for our clients.

Apart from helping clients make better business decisions,

IIRIS also acts as an industry mentor to upcoming professional who are seeking to make a mark in the domain of risk

and intelligence. Backed by experienced trainers, subject matter experts, IIRIS runs various in house and collaborative courses that provide certification and skill building to help professionals be better future leaders.

ABOUT - CERTIFIED RISK LEADER

Certified Risk Leader

a uniquely crafted Training program, conceptualized with an intent to create future Risk Leaders who are adept at managing operational and strategic positions, with a vision of futuristic growth. The program aims cover certain skill gaps prevalent in the industry. The program's curriculum is primarily delivered online; however, in-person sessions will be arranged based on the availability of faculty, i.e., top industry experts, as needed.

With a strong emphasis on operational Risk Management, knowledge transfer for Compliances, Implementation of standards, and the opportunity to learn best practices from Industry leaders, this programme is ideal for Working professionals from the Risk Management & Security domain (Security executives, managers, supervisors, systems integrators, security engineers, security management consultants). We aim to have shaped minds, that are not only

adept at problem-solving but also, are armed with the zeal to 'Make a Difference' by acting as Industry Leaders in Risk and Security Management. To conclude the program, , the convocation will be held at University, wherein, the participants will be awarded with certifications for "**Certified Risk Leader**" along with the "**ISO 31000**". Some of the **key objectives** of the program will be:

- Create Strategic orientation & operational excellence rigor in budding risk leaders
- Skill enhancement as per the diverse industry operations
- Convergence of multiple training methodologies into converged & effective program
- Enabling growth potential of attendees for higher responsibilities and enhanced compensations
- Provision of flexi-learning schedules for working professionals

CREATING BETTER FUTURE

Certified Risk Leader, is established with the objective of developing a course to produce leaders, capable of handling strategic and operational roles in diverse Risk Management domains. The training will also fill in, some of the industry's most common skill sets gaps.

We have a SMART Vision and a big goal to create multiple opportunities and growth prospects for working professionals in Risk management and security domain. We are committed to provide the best possible resources and support to enable global availability of this program

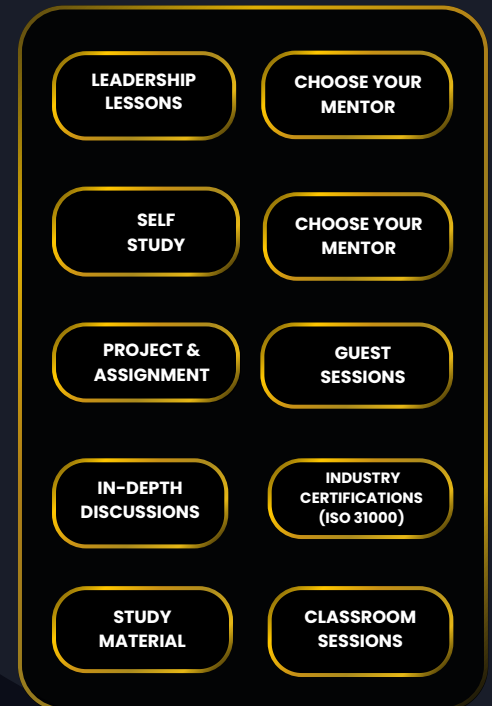

The S.M.A.R.T. framework will serve as the foundation for the **Certified Risk Leader** initiative:

SPECIFIC	MEASURABLE	ACHIEVABLE	RELEVANT	TIME BASED
Addresses specific skill-set based goals & Milestone based goals setting	Helps understand how to set up measurable metrics for assessment of goals	To inspire achievable milestones by empowerment	To help develop skill sets that are relevant for the industry, company and personal growth perspectives	To ensure upskilling through realistic timelines based goal posts

IMPORTANT GUIDELINES

The course will be conducted as a mix of in-person and offline trainings. The students will be mandatorily needed to attend a 4 hours in person interaction every week. The curriculum will be delivered through detailed course material, in person training / lecture notes and backed by simulation training of concepts and theories. The participants would be encouraged to imbibe self and group learning methodologies, that will then be tested in the various test / exercise formats. All course materials (including pre reads) will be provided to the participants.

- Last date of Application submission - **December 6, 2023**
- Confirmation of Applications received by email - **December 12, 2023**
- Last day for Fee Submission - **December 20, 2023**
- **Course start date - January 6, 2024**
- Essential Documents required in proceeding along with application - Proof of Identity, Educational Documents & Existing relevant certifications.
- Check out the link for more details - [Click Here](#)

At the end of the course, we aspire to have formed the thought processes, that are proficient at problem solving as well capable "de-risking" businesses, through proactive & preventive Risk Management Strategies.

ROADMAP OF THE PROGRAM

HOW DOES IT WORK?

Certified Risk Leader, training programs, are one of their kind that have been ideated to bridge the gap between knowledge and skill for security professionals in India.

The courses have been designed keeping in mind young professionals who have the drive and desire to act as "**change makers**" for the risk and security industry. Each course is therefore designed to be honest, efficient and pragmatic in terms of content and delivery. Through the theory and simulation lead classes, the aim is to help students attain the fine balance of being armed technically and with efficient soft skillsets.

APPLICATION WILL BE SELECTED BY COMMITTEE

Application submission would take place through online registration. The confirmation will be emailed to the candidates.

FOUR HOUR WEEKLY INTERACTION

Deep informative & Interactive sessions led by the top industry leaders will be offered on the weekends. Study material, assignments, work sheets and other resources would be provided.

ORIENTATION PROGRAM

At the start of the program, the agenda & the framework would be shared. It will help new students become familiar with the resources available to them.

PROJECT SUBMISSION

By the fourth month after the programme ends, you must submit your report. The ending of the program is dedicated to assessments only.

PROJECT & MENTOR SELECTION

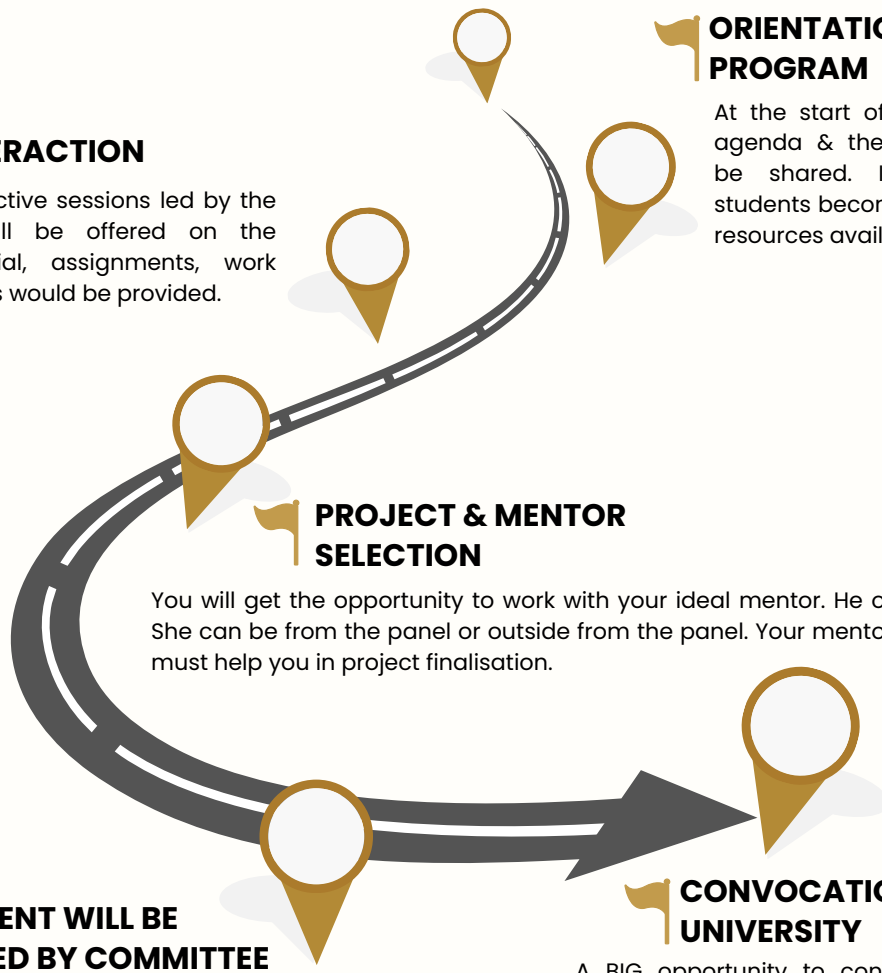

You will get the opportunity to work with your ideal mentor. He or She can be from the panel or outside from the panel. Your mentor must help you in project finalisation.

ASSESMENT WILL BE REVIEWED BY COMMITTEE

The procedure is honest and forthright. Based on the project you submitted, the panel will evaluate your report.

CONVOCATION AT UNIVERSITY

A BIG opportunity to connect. Formal ceremony will be held to confer certificates to the entire group at university. The Top Leaders will be available for you to meet.

FACULTY

Our program is poised to create a dynamic nexus of industry titans, top-tier executives, distinguished academic scholars, seasoned psychologists, and revered veterans. It's a convergence where they come together to exchange and generously impart their wealth of experiences across the entire risk spectrum.

It also provides a premier interdisciplinary platform for leading educators to showcase the most recent innovations, trends, and concerns as well as practical challenges encountered, and solutions adopted in the domain of Risk Management.

Furthermore, this initiative offers a prestigious, cross-disciplinary platform, where you can openly discuss the practical hurdles faced and the ingenious solutions devised in the dynamic realm of Risk Management. This unique confluence is primed to foster powerful professional relationships.

Join us and be part of a transformative journey in the world of risk!
